

Private Party Information

Thank you for considering The Stand as the site for your upcoming event. We look forward to working closely with you to assure that your event is huge success! The information below should help give you an idea of the options available to you for your specific group and desired date. Monday night (between 6PM-8PM) is generally not available for private parties or table reservations, but is available on a first come basis due to the popularity of our special promotion on this night.

Small Groups: 10-20 people: You have two choices of service for your size group. With either choice, we will gladly reserve a table at the time and in the area of the restaurant you desire (subject to availability).

- Line Service:** Your guests, when ready would proceed through our regular line service (either together or separately) and order from our full menu at our current prevailing prices. We are happy to collect separately from your guests or run a tab to be paid by the event host. Any guest ordering restrictions (i.e. beer and wine) should be discussed with us at the time you make your reservation.
- Table Service:** This option permits you to order from your table from a special party menu (see below). We cannot provide full menu table service, however the party menu provides a wide variety of our most popular items to choose from and assures the highest quality of both food and service. An 18% service charge plus sales tax will be added to your final bill for table service events.

Larger Groups: 20-75 people: With groups of this size we provide family-style table service from our special party menu items below. Once you've selected your meal choices, we will create a unique printed party menu for your guests with your own event title, i. e. "RICK'S 50TH BIRTHDAY BASH!! Your guest count "minimum" must be provided to us 3 days before your event so that we may plan food and staff accordingly. An 18% service charge and sales tax will be added to your final bill.
